Chief, Special Funds

28 October 1946

Assistant Chief, Finance Division

Promotions in the Field

There is attached a list of personnel forwarded from the Personnel Division with respect to individuals located abroad who received promotions on vouchered funds from 1 September through 19 October 1946. This list should include all vouchered personnel located abroad who received advances in salary after the engagement sheets applicable to such personnel were prepared in the Pay Roll Section of the Fiscal Division and released to your office for forwarding to the several foreign posts involved.

This list affords a ready means for a check against the engagement sheets of the individuals listed and will possibly preclude the making of subsequent adjustments which would otherwise be required.
